

Spotting Spring Butterflies

Hopefully you may be seeing the first signs of spring in your school grounds, garden or parks and with that you may see the first of our spring butterflies on the wing.

Use this spotter sheet to help you identify and spot our most popular butterflies to your garden between April and June. Tick them if you see them.

Small white butterfly

Has paler wing markings than Large white.

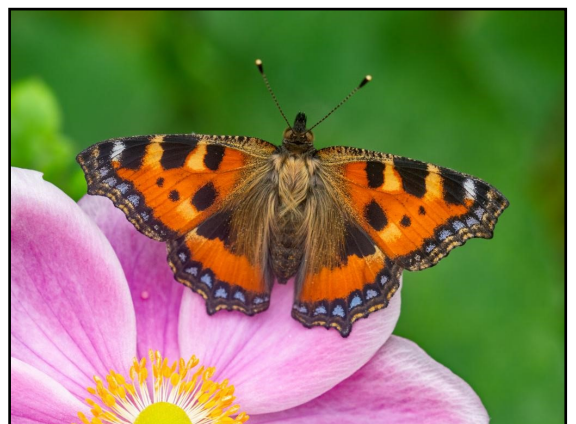

Large white butterfly

Orange tip butterfly

Peacock butterfly

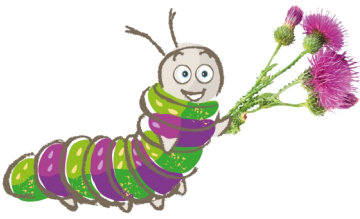

Small tortoiseshell butterfly

Spotting Spring Butterflies

Can you draw your favourite butterfly from the 5 butterflies above?

Notice how butterfly wings are a mirror image on each side. We call this **Symmetry**.

Can you create your own butterfly using a mirror image design? Give it a name.

My butterfly is called:
